

## **COVID Guidelines Update for Church**

*from Council updated 4-5-22*

**We are excited to welcome everyone back to in-person worship, in addition to our Zoom worship.**

- 1) We are now doing hybrid worship; both Zoom and In-person.
- 2) Masks are optional during worship if you are fully vaccinated, or have a recent negative test, and are symptom free.
- 3) There will be a mask-only section set aside, and all seating will be every other pew.
- 4) Singing by the congregation is encouraged.
- 5) If you are feeling sick, please stay home. It's the faithful thing to do. Please Zoom!
- 6) Also, it is totally fine if you are not ready to join us in-person, for any reason. Please Zoom!

Our Deacons and Council are evaluating pandemic conditions, and best practices of other congregations, and will give updated guidelines to the congregation as the situation changes.

Thank you so much for engaging so fully with our congregation during the challenges of this pandemic.
